Functionalities & Settings

Add users

Would you like to add users?
Simple!

1. Go to Settings
2. Manage users
3. Add New User
4. Set up the User Type
(Company Administrator, Administrator, Users, Read-only)

“Read-only users” are free and unlimited in the EXPERT and ENTERPRISE packages.

Summary Table:

Package	Seats Used	Full Users	Read-only	Inactive Users
Enterprise	22	20 / 55	2	9
Expert	3	3 / 50	0	9
Standard	2	2 / 50	-	0

User Management Table:

Login Email Address	Subscription	User Type	Active	Activation
jennifer@cemantica.com	Enterprise	Company Administrator	Active	<input checked="" type="checkbox"/>
raphael@cemantica.com	Enterprise	Company Administrator	Active	<input checked="" type="checkbox"/>

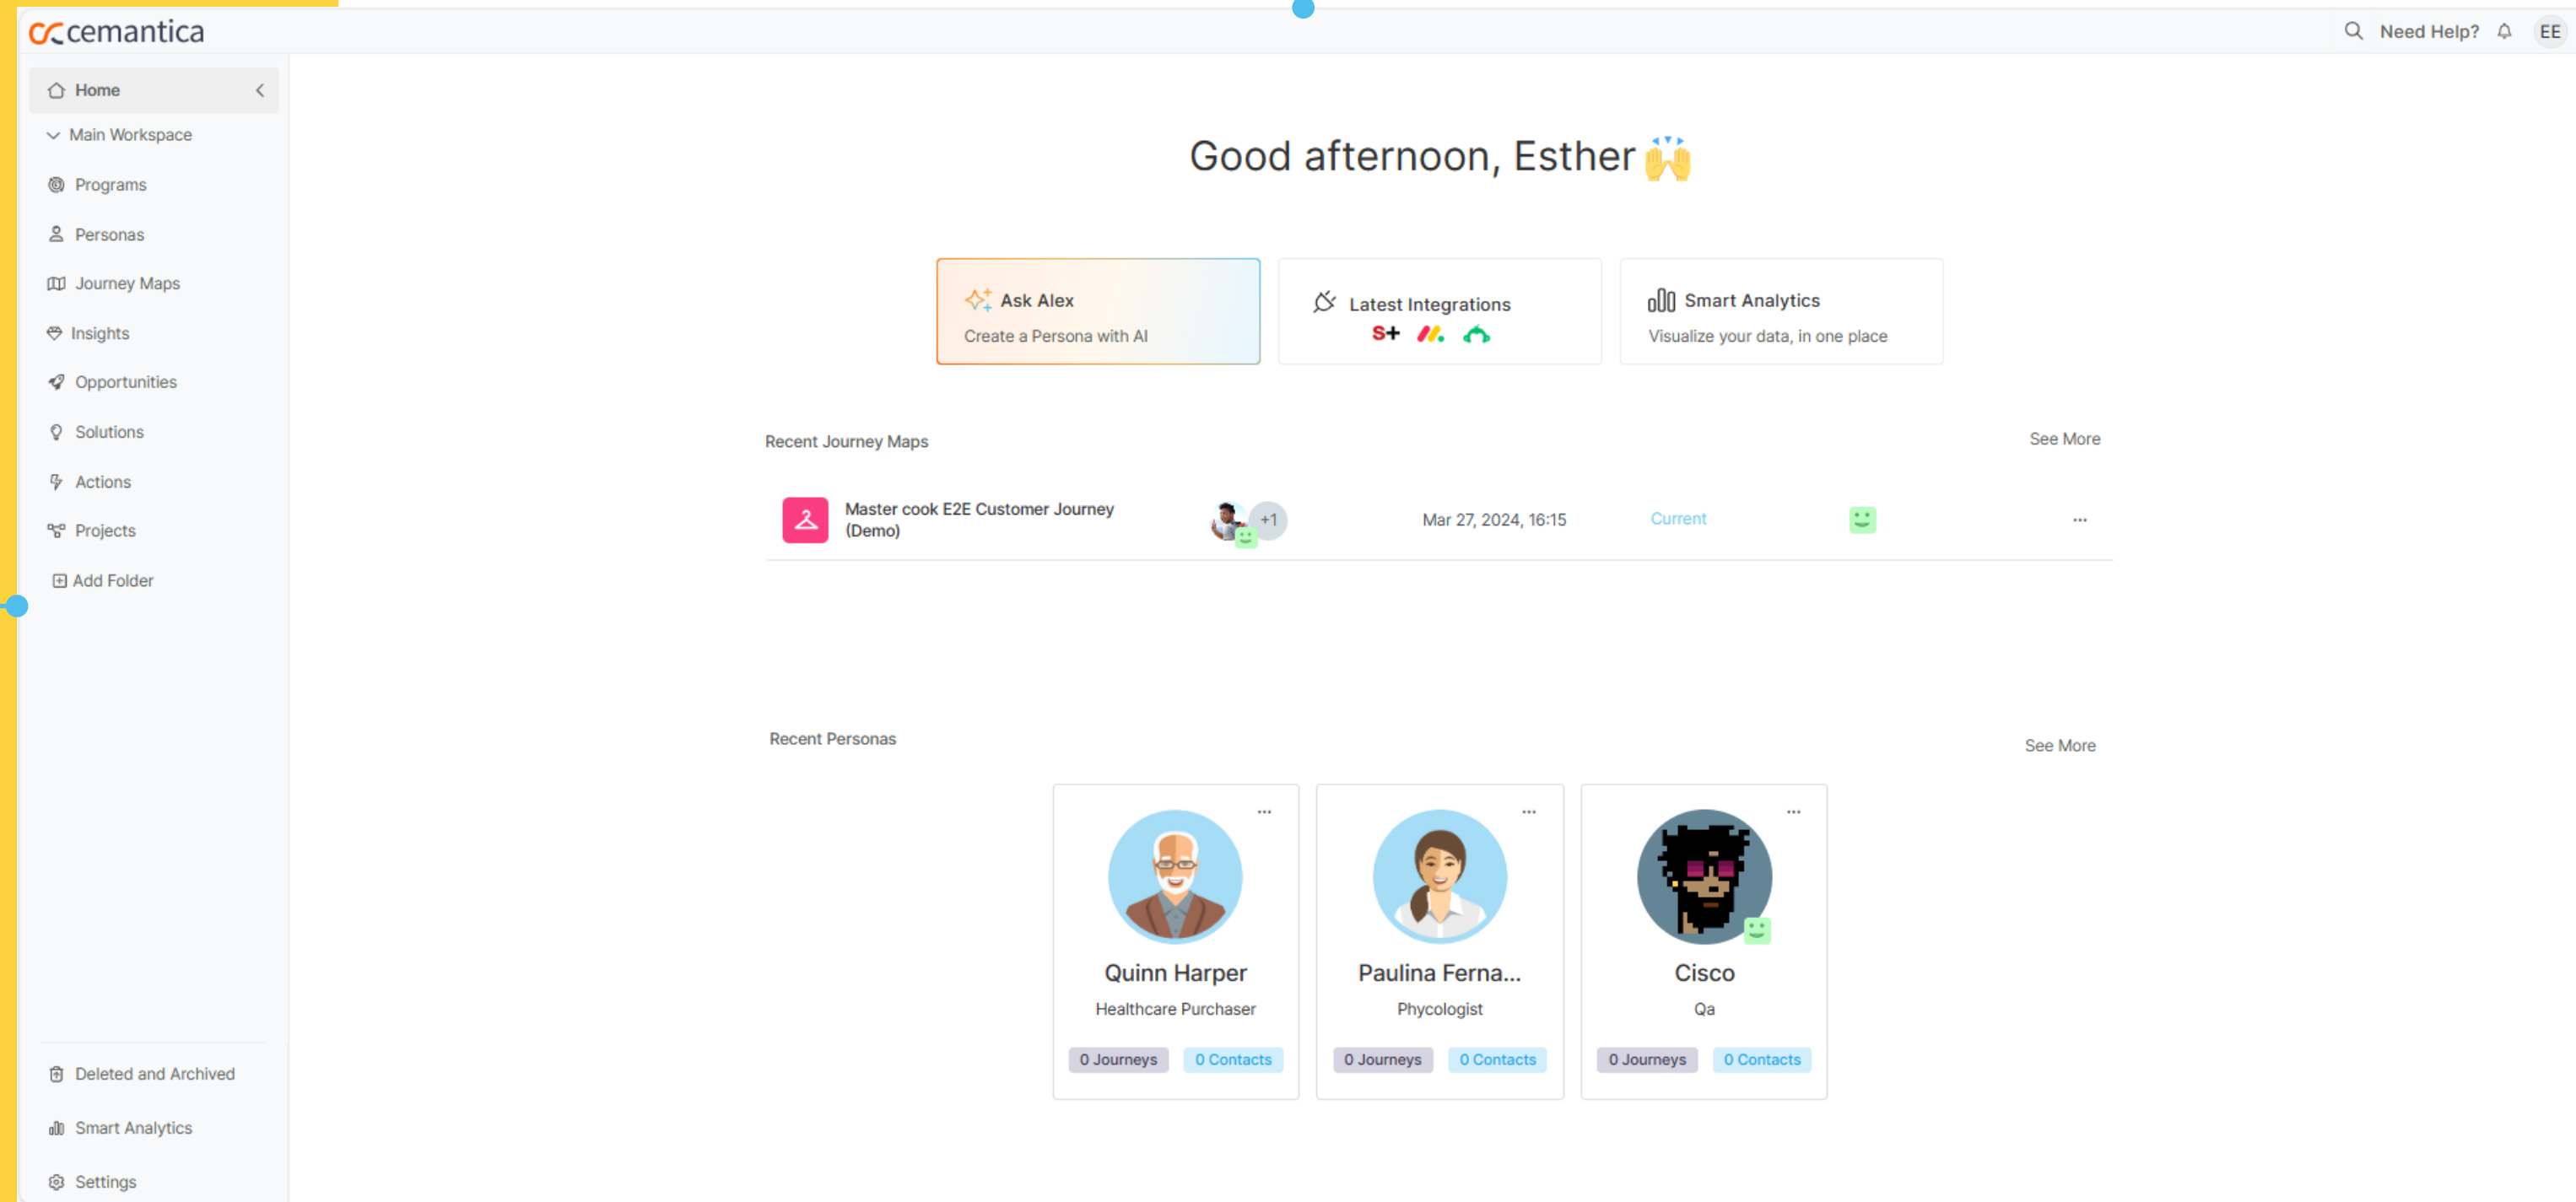

Functionalities & Settings

Basic Navigation

Say Hello to your Cemantica home page!

The **Dynamic navigation bar** will follow you wherever you go in the system.

Access your recent activities.

Functionalities & Settings

Sample data

Before you start, get inspired from our Sample Data with examples of journey maps across various industries.

1. Go to "Settings" then "My organization" and then activate / deactivate your sample data.

2. You will see sample Maps, Personas, Opportunities etc., appearing in your different folders.

The image displays two screenshots of the Cematica web application interface. The top screenshot shows the 'My Organization' settings page. The left sidebar contains a menu with 'Settings' at the top, followed by 'My Organization' (highlighted with a blue box), 'Manage Users', 'Templates', 'Libraries', 'Customization', 'Configuration', and 'Integration Center'. The main content area is titled 'My Organization' and includes a 'Company Logo' section with the Cematica logo, a 'Preferred Language' dropdown set to 'English', and a 'Sample Data' toggle switch that is turned on (highlighted with a blue box). Below this is a 'Subscription' section with three packages: 'Enterprise', 'Expert', and 'Standard'. The bottom screenshot shows the 'Your Journey Maps' page. The left sidebar menu is expanded to show 'Journey Maps' (highlighted with a blue box). The main content area is titled 'Your Journey Maps' and features a 'New Journey Map' button and a 'Sample data' button (highlighted with a blue box). Below these buttons is a table listing journey maps:

<input type="checkbox"/>	Journey Map Name	Related Personas
<input type="checkbox"/>	 Credit Cards Customer Journey - Detailed (CX sample)	
<input type="checkbox"/>	 Credit Cards Customer Journey - Detailed (CX sample)	
<input type="checkbox"/>	 Credit Cards Customer Journey - Flexi (CX sample)	
<input type="checkbox"/>	 Distribution Customer Journey (CX sample)	 +1

Journey Creation

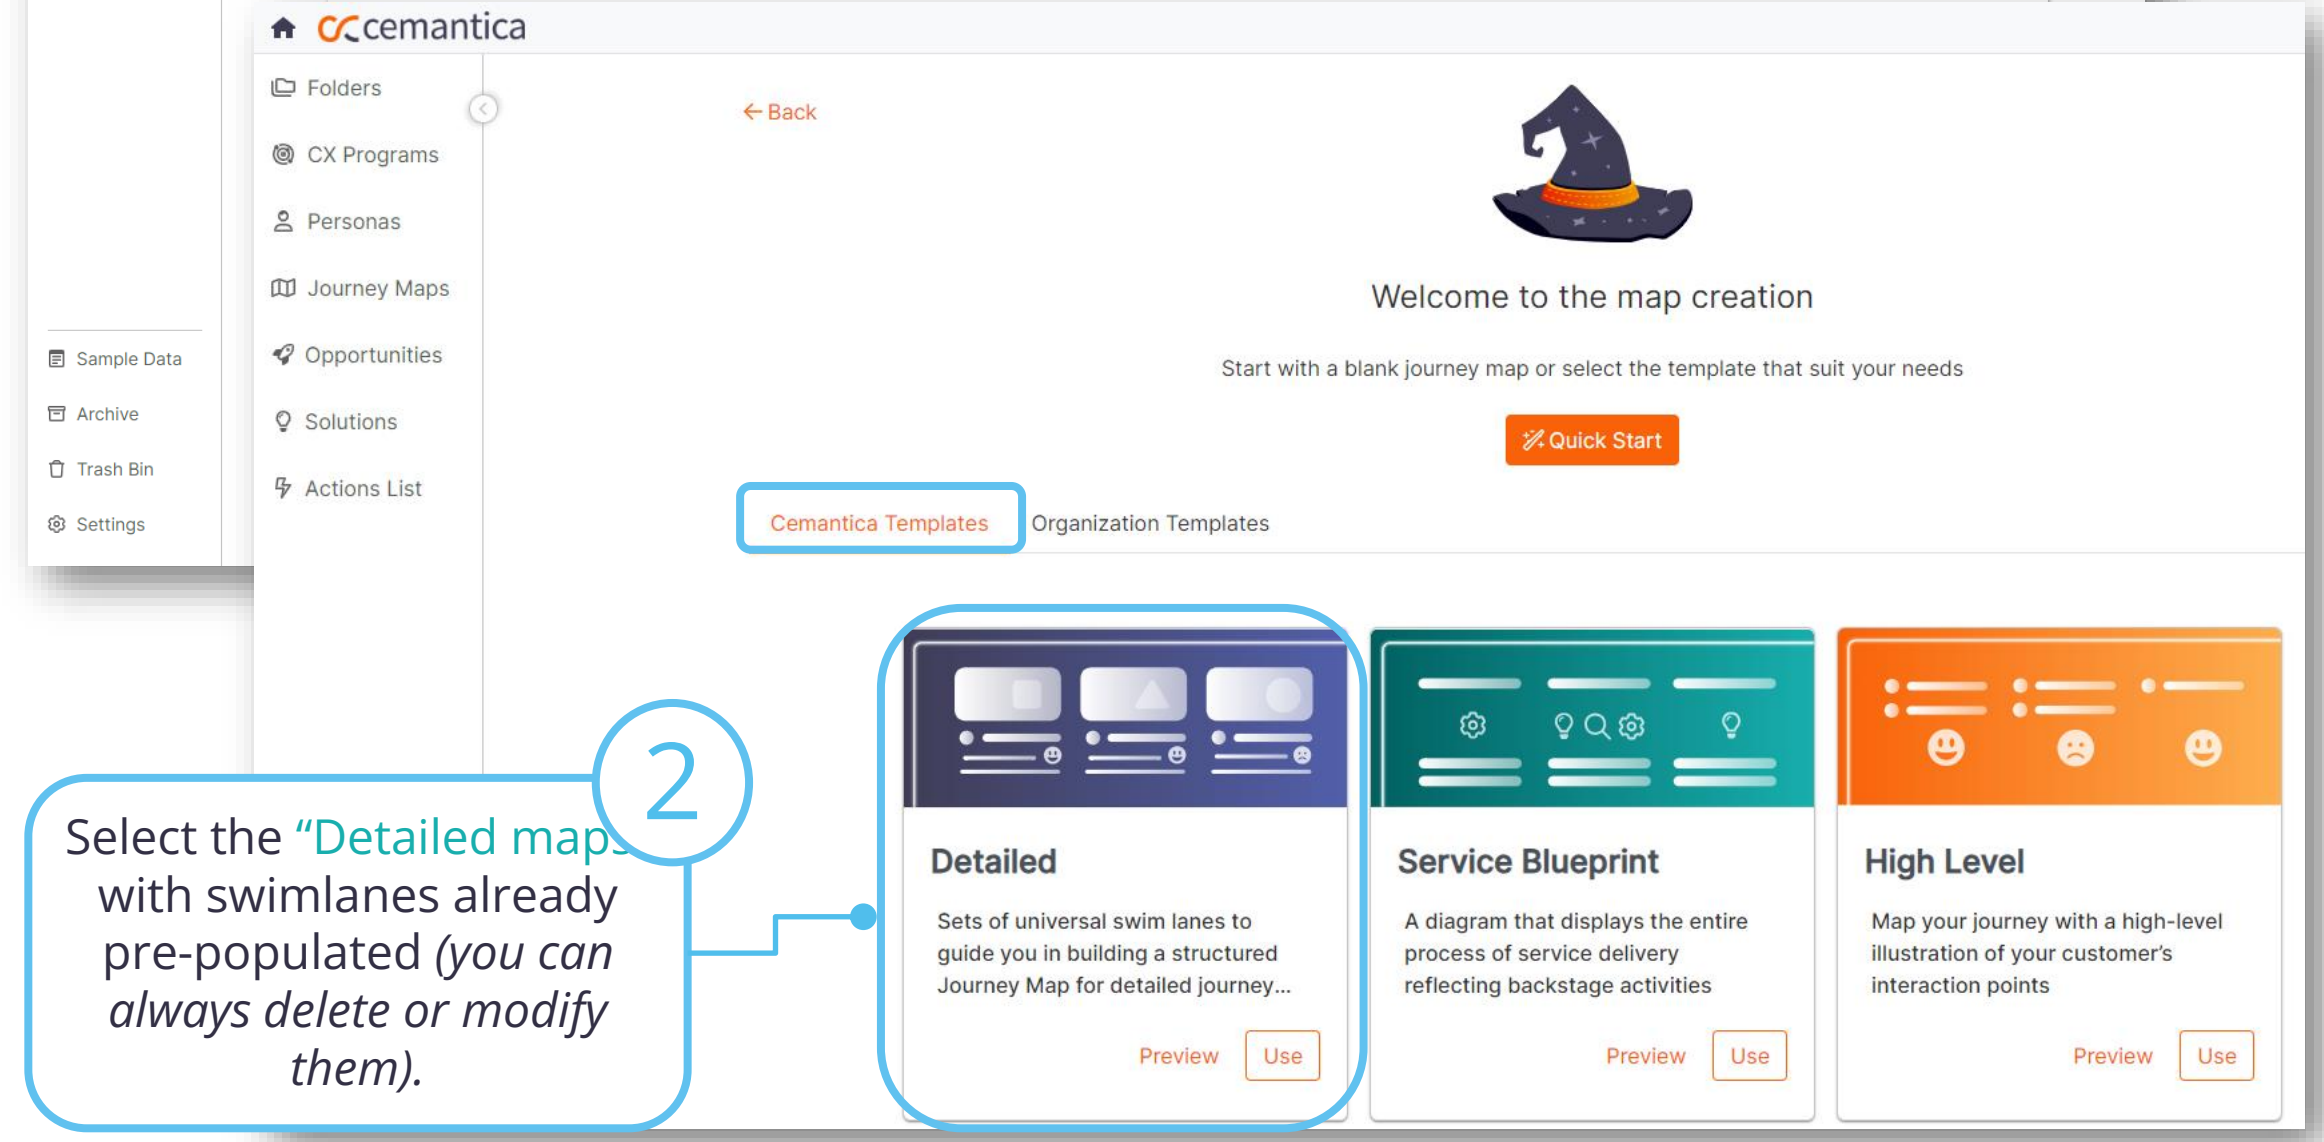

(1 of 2)

In Cemantica, you have 3 ways to create a new journey:

- 1. Copy an existing journey
- 2. Create a journey from an existing Cemantica template
- 3. Create a new journey from scratch with the "Quick Start"

In this "Quick Start Guide" we will focus on creating a Journey from a Cemantica template (Detailed map).

1
Navigate to the "Journey Maps" space and click on "New Journey Map".

2
Select the "Detailed maps" with swimlanes already pre-populated (you can always delete or modify them).

You're almost there...

Functionalities & Settings

Journey Creation

(2 of 2)

- ✓ Create your journey, give it a name, associate a persona profile and you are ready!
- ✓ Your map will appear in a few seconds!

3
Give your Journey Map a name, description and state.

4
Choose or create from scratch your Persona profile (all information inside the Persona profile is not mandatory).

The screenshot displays the Cematica user interface for creating a Journey Map. On the left is a navigation sidebar with options like Home, Main Workspace, Programs, Personas, Journey Maps, Insights, Opportunities, Solutions, Actions, Projects, Add Folder, Deleted and Archived, Smart Analytics, and Settings. The main content area is titled 'Build a customized Journey Map' and prompts the user to 'First, complete the basic information'. This section includes input fields for 'Journey Map Name (Required)' (containing 'Customer Universal Journey - L0'), 'Description', and a 'State' dropdown menu (set to 'Current'). To the right is an illustration of a flask with a heart and stars. Below this is the 'Adding Personas' section, which instructs the user to 'Now, choose the Related Personas for this Journey Map, or one can be randomly assigned by Alex.' It features a search bar and a grid of five persona cards: Amelia Schmi... (Psychiatrist, 1 Journey Map, 0 Contacts), Cisco (Qa, 0 Journeys, 0 Contacts), Clara Muller (... (Business consultant, 1 Journey Map, 0 Contacts), Dirk Bekker (... (Lawyer, 1 Journey Map, 0 Contacts), and John Davis (... (Information Systems, 3 Journeys, 0 Contacts). The Clara Muller card is highlighted with a blue border. At the bottom center is a 'Create Journey Map' button.

Functionalities & Settings

Congratulations, your map is created!

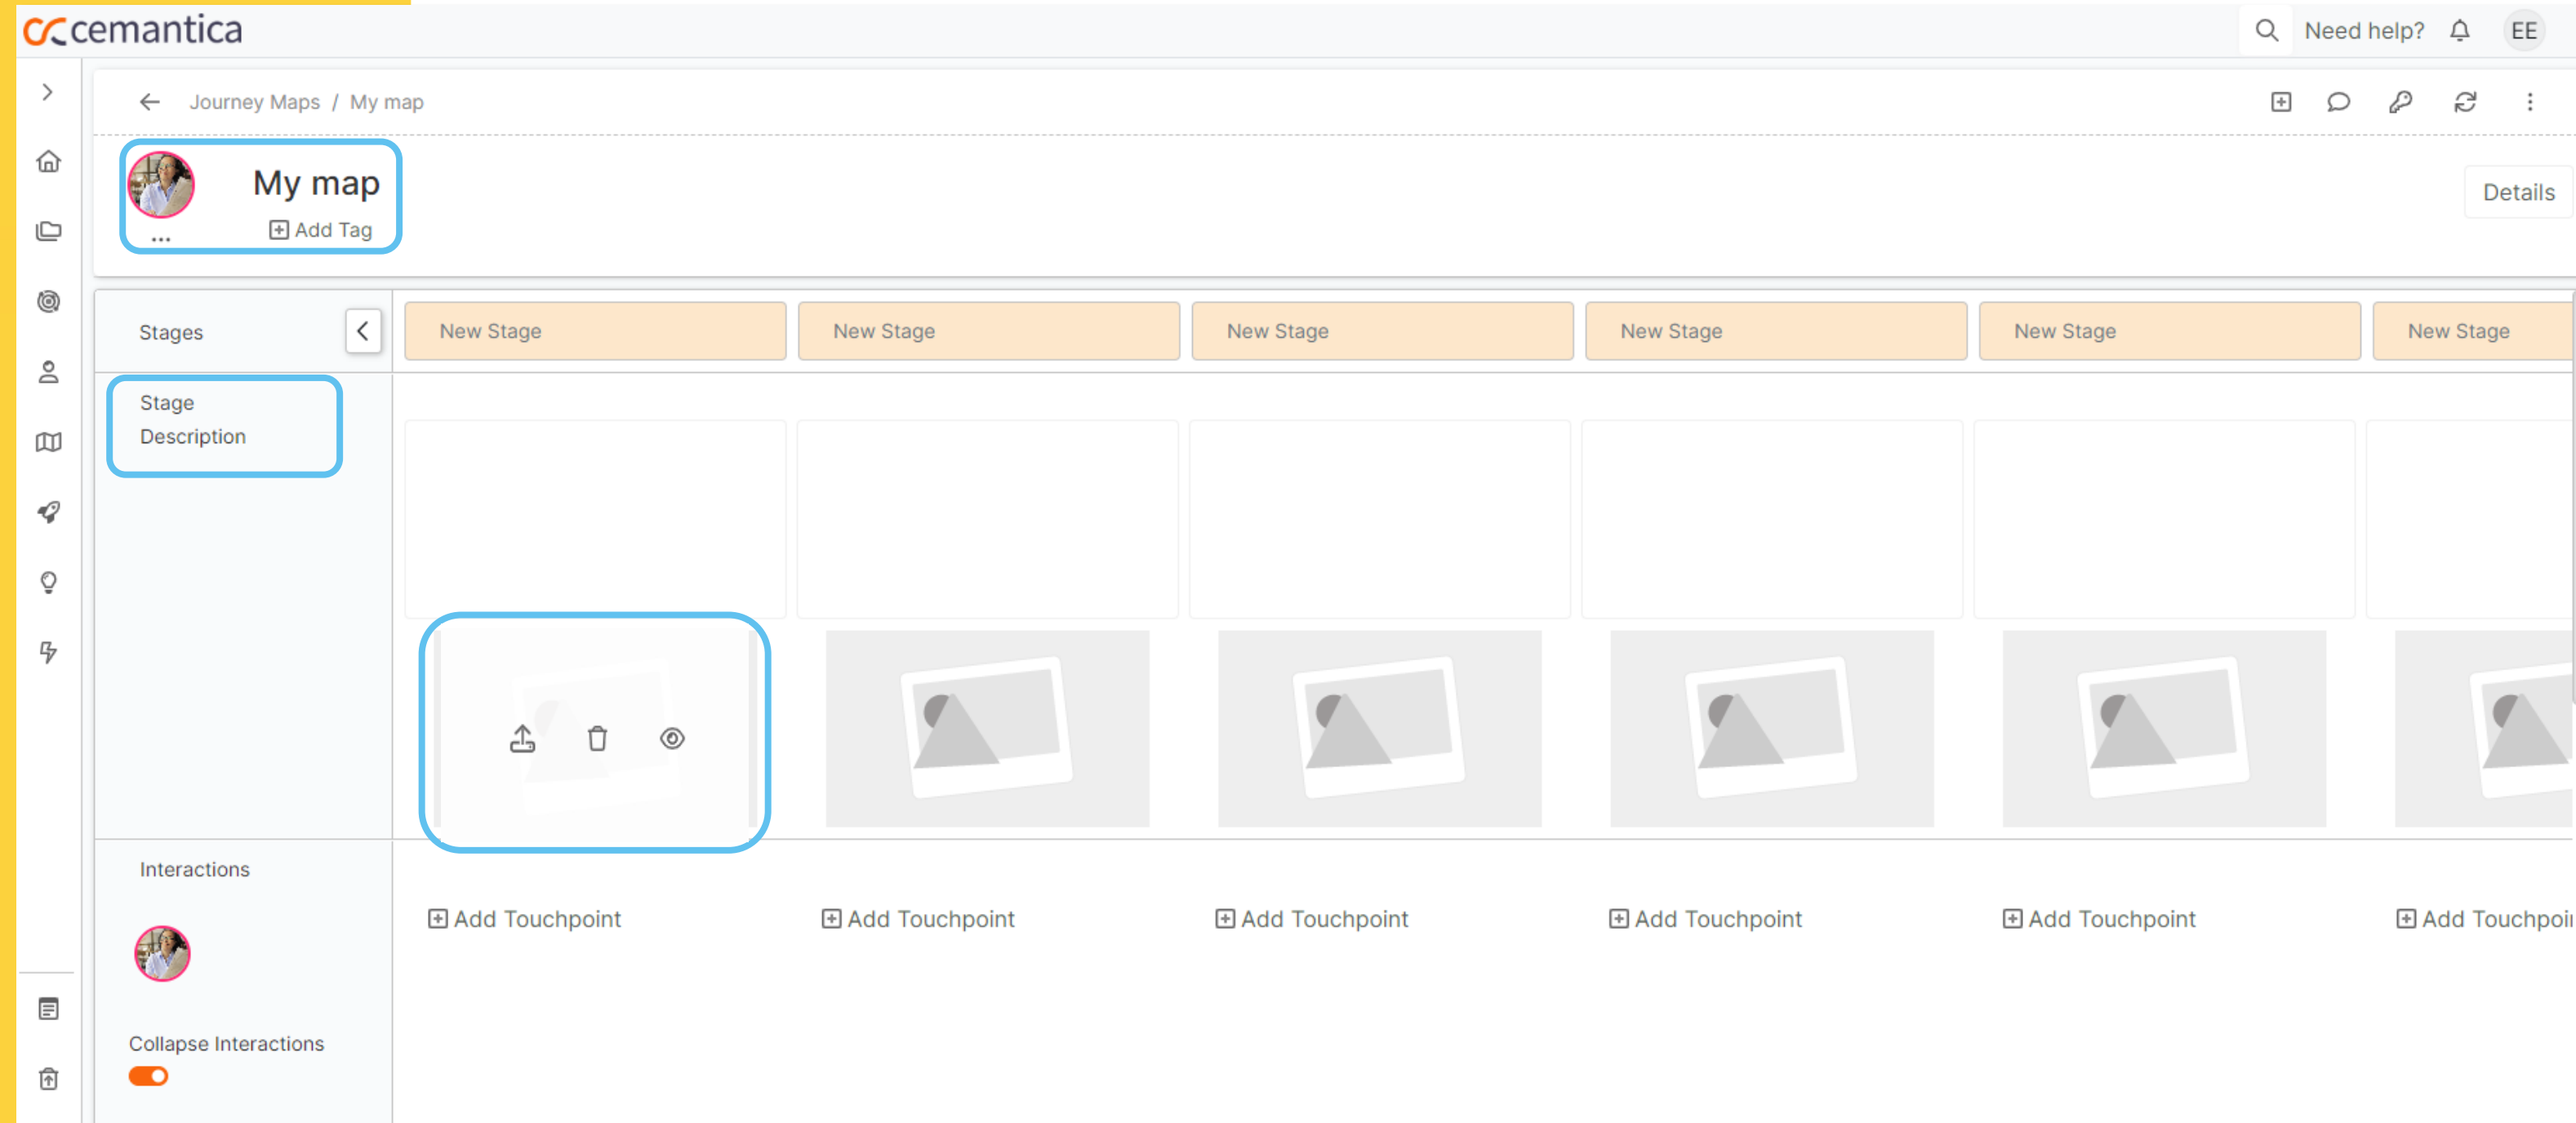

✓ Work on your Persona details, add your customized sections, reorganize your blocks, change colors, title etc.

✓ Generate and enrich your Persona with our AI Assistant Alex
(Option to activate in the Expert and Enterprise packages only)

The image displays two screenshots of the Cematica Journey Maps interface. The top screenshot shows a map titled "My map" with a sidebar containing "Stages" and "Interactions". The "Stages" section has a "New Stage" button and a "Stage Description" field. The "Interactions" section has an "Add Touchpoint" button. The bottom screenshot shows a detailed persona profile for "Dirk Bekker (CX sample)", a Lawyer. The profile includes a "Details" section with fields for Initials (RR), Age (35), Location (Munich, Germany), and Gender (Male). It also features sections for "Background", "Needs", "Expectations", "Frustrations", "PersonalityType", and "Quote". A "Sentiment Index" is shown as 3.8 and 3.7. A "Coming Soon" badge is visible above the "Empathy Map" section. A sidebar on the left of the bottom screenshot lists various elements to add: Text Box, List Items, Image Box, Sliders, Rating, Tags, Demographics, Quote, and an "Add Section" button.

Start mapping!

- ✓ Identify your stages within your Journey Map
- ✓ Provide a description and image for each stage

Functionalities & Settings

List your Touchpoints per stage across the journey

- ✓ Click on "Add Touchpoint"
- ✓ Select one or multiple Touchpoints
- ✓ Manage, edit and customize your Touchpoints (Only for Admins)

The screenshot displays the Cematica Journey Maps interface. At the top, the breadcrumb navigation shows 'Journey Maps / test'. Below this, a user profile for 'test' is visible with an 'Add Tag' button. The main area is divided into 'Stages' and 'Touchpoints' sections. The 'Stages' section contains a row of 'New Stage' buttons and a grid of placeholder images. The 'Touchpoints' section on the left includes a search bar, a 'Collapse Touchpoints' toggle, and a 'Sentiment Chart' for 'Cisco'. A modal window titled 'Edit Touchpoint' is open, showing a search bar and a list of touchpoint categories: 'Cematica', 'Communication', and 'All touchpoints'. The 'Communication' category is expanded, showing options like 'Point of sale', 'Phone', 'Email', and 'Fax'. A second modal window titled 'Touchpoints' is also open, displaying a 'New Touchpoint' button and a grid of touchpoint types such as '3rd Party', 'Advertisement', 'Agent', 'Application', 'Article', 'ATM', 'Bank transfer', 'Blog', 'Branch', 'Broadcast media', 'Brochure', 'Call Center', 'Cart', 'Cashier', 'Chat', 'Chatbot', 'Comparison sites', 'Customer portal', 'Delivery', 'dfddgd', 'Doctor', 'Email', 'Employee Portal', and 'Event'. A search bar is located at the top right of this modal.

Describe your customer interaction and create actions

- ✓ Go to the three dots of your Touchpoint and hit "Edit Touchpoint"
- ✓ Describe the action of your customer on the Touchpoint selected, identify the Sentiment Level of your customer etc.
- ✓ List your Insights (Gains, Pains, Findings, Company Insights)
- ✓ Create Opportunities, Solutions and Actions linked to your Touchpoint

The screenshot displays the Cematica Journey Maps interface. The main view shows a 'My journey' overview with sections for Stages, Stage Description, Touchpoints, and Sentiment Chart. A 'Website' touchpoint is selected, and a context menu is open with 'Edit Touchpoint' highlighted. A modal window titled 'New Phase / New Stage' is open, showing configuration options for the touchpoint, including a description field, sentiment level (set to 'Gain'), and a list of insights with 'Page loading issue' (Pain) and 'Great content' (Gain) highlighted.

Functionalities & Settings

Organize and visualize your insights

Create additional "Insight" swimlanes that you can rename and classify your Pains, Gains, Company Insights, Findings etc., however you want them to appear on your map.

You can also drag and drop inside the Swimlane.

The screenshot displays the Cematica Journey Maps interface for a 'Master cook E2E Customer Journey (Demo)'. The interface is organized into several sections:

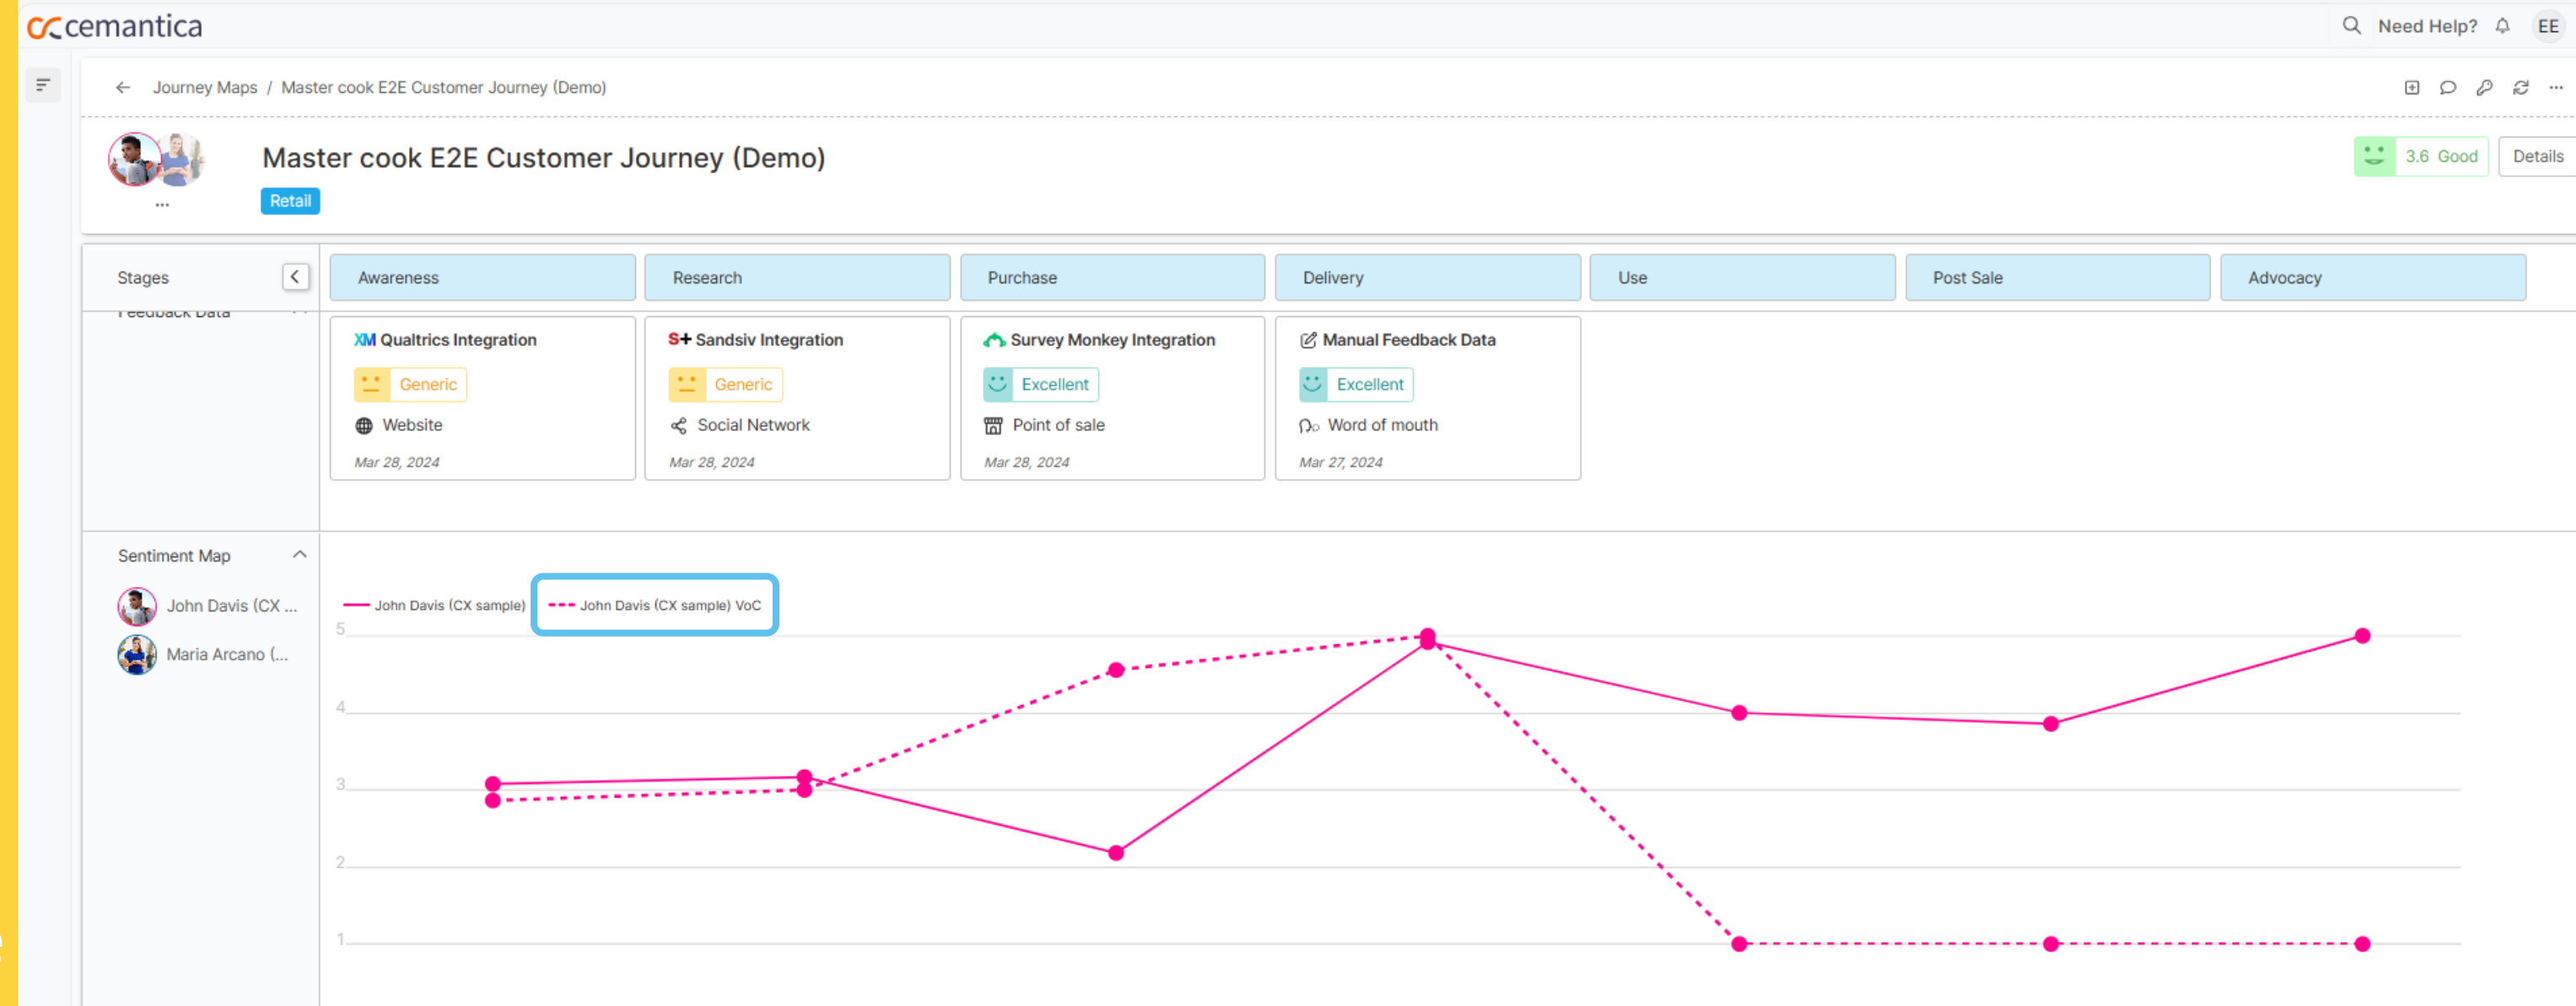

- Stages:** A horizontal bar at the top lists the stages of the customer journey: Awareness, Research, Purchase, Delivery, Use, Post Sale, and Advocacy.
- Gains:** A grid of light blue cards below the stages, each representing a positive customer experience. Each card includes a 'Gain' label, a checkbox, a description, and a category (e.g., Website, Email, Point of sale, Social Network, Phone).
- Pains:** A grid of light red cards below the gains, each representing a negative customer experience. Each card includes a 'Pain' label, a checkbox, a description, and a category (e.g., Website, Email, Point of sale, Social Network, Phone, Bank transfer, Delivery).

The interface also features a search bar at the top right, a 'Need Help?' link, and a 'Details' button. The overall layout is clean and organized, allowing for easy visualization and management of customer insights.

Functionalities & Settings

Your global Sentiment Map

- ✓ View the Personas' Sentiment Level in each Stage aggregated from each Touchpoint
Sentiment Level across the entire journey
- ✓ Compare it with the Sentiment Level provided by your customers via VoC data
(Automatically generated – only available in the Enterprise package).

Personas – The Persona's sentiment level for this specific map.

VoC – Sentiment levels based on data from real customer feedback.

(Only activated with the "Enterprise Package").

Functionalities & Settings

List your opportunities

- ✓ Create the global Opportunities that result from identifying the various painpoints when mapping the interactions.
- ✓ You can access the Opportunities from the map directly or via the menu on the left side to prioritize them.

VOC data integration, Analytics, and ROI module are not available with this free trial.

Contact info@cemantica.com for more details.

The screenshot displays the Cematica interface for a 'Distribution Customer Journey (CX sample)'. The top navigation bar shows the breadcrumb 'Journey Maps / Distribution Customer Journey (CX sample)'. Below this, the journey map is visible with stages: Discovery, Consideration, Selection, and Order. The 'Opportunities' section is highlighted in the left sidebar. A modal window titled 'Opportunities' is open, showing a table of items. A 'New opportunity item' button is visible in the modal. The table contains the following data:

<input type="checkbox"/>	Subject	Priority	Journey Map	Owner	Due Date	Status	Quick ...	Customer Va...
<input type="checkbox"/>	Break the silos between the factory and the contact center	High			09/05/2024	Stuck		●●●●●

<input type="checkbox"/>	Check in store	Low	Happy Journey	EH	09/04/2023	New		○●●●○

Functionalities & Settings

Solution ideation!

- ✓ Ideate "Solutions"
- ✓ Build your business case and describe the impact of your solutions
- ✓ Connect your Solutions to multiple Opportunities
- ✓ Rate your solutions with the Cost Benefit Analysis model

The screenshot displays the Cematica Solutions interface. On the left is a navigation sidebar with options: Home, Folders, CX Programs, Personas, Journey Maps, Opportunities, Solutions (highlighted), and Actions List. The main content area is titled "Solutions" and features a "New Solution" button and a table of existing solutions. The table has columns for Subject, Journey Map, Type, Groups, Owner, Status, and Last Updated. One solution is visible: "Employee persona segmentation (EX sample)" with a "Nice To Have" type, owner "PB", and status "In pro...".

Below the table, the detailed view for "Employee persona segmentation (EX sample)" is shown. It includes tabs for "General", "Impact", and "Rating". The "General" tab shows the subject and status. The "Impact" tab is active, showing "Impact on People" and "Impact on Process" text boxes. The "Rating" tab is also visible, showing a "Nice To Have" rating and a "Cost of Implementation" section with a 5-point scale.

Functionalities & Settings

List your actions

- ✓ Create your list of actions
- ✓ You can access the Actions from the map directly or via the menu on the left side to prioritize them

Can be connected to your internal Project Management tool (JIRA, monday.com and more) – Contact info@cemantica.com for more details).

The screenshot displays the Cematica interface for a 'Distribution Customer Journey (CX sample)'. The main view shows a journey map with stages: Discovery, Consideration, Selection, Order, and Invoicing. The 'Discovery' stage is active, showing a 'Web ads' touchpoint and an 'Add Touchpoint' button. Below the map, there are several action items with status indicators (Done, Low, New, Normal, In progress, Stuck).

An 'Actions List' modal is open, showing a table of actions. The table has columns for Subject, Priority, Due Date, Owner, Status, Journey Map, and Groups. The actions are listed as follows:

Subject	Priority	Due Date	Owner	Status	Journey Map	Groups
Chatbot support	Normal	mm/dd/yyyy	JR	Done		Marketing
Action that will be archived	Low	mm/dd/yyyy	EH	Done	Happy Journey	
Action that will be archived	Low	mm/dd/yyyy	EH	Done	Happy Journey	
Action that will be archived	Low	mm/dd/yyyy	JR	Done	Happy Journey	
Action that will be archived	Low	mm/dd/yyyy	JR	New	Happy Journey	Website revamp, Omni channel st
Club membership	Normal	mm/dd/yyyy	EH	New	Happy Journey	
Club membership	Normal	mm/dd/yyyy	EH	New	Happy Journey	
Club membership	Normal	mm/dd/yyyy	JR	New	Happy Journey	

CX Program management

- ✓ A dedicated area to manage your CX program including Stakeholders, Targets, CX Strategy and Relationships
- ✓ Manage multiple Programs in your organization to represent a framework or a specific CX project

The screenshot displays the Cematica user interface for program management. On the left is a navigation sidebar with the following items: Home, Main Workspace, Programs (highlighted), Personas, Journey Maps, Insights, Opportunities, Solutions, Actions, Projects, Add Folder, and Jen. The main content area is titled 'Your Programs' and features a 'New Program' button. Below this, there is a grid of six program cards, each with a representative image, a title, a status indicator, and a set of icons representing metrics or stakeholders.

Program Name	Status	Icon 1	Icon 2	Icon 3
Credit Cards CX Program (CX sample)	QA	2	1	1
Distribution CX Program (CX sample)		1	2	1
Employee Experience Program (EX sample)		1	1	1
Healthcare CX Program (CX sample)		1	1	2
Insurance CX Program (CX sample)		1	1	
Pharma CX Program (CX sample)		2	2	1
